Video on Game Walkthrough: [Kingdom Cats | IDEA/CS310B FPS Game Project | Unreal Engine 5](#)

Video on Game Blueprints: [Kingdom Cats Blueprint Tour | IDA/CS310B FPS Game Project | Unreal Engine](#)

Sorry for the white noise in the background! I run on a gaming laptop and she be working really hard to keep everything cool and in stable condition. I didn't have time to edit the videos to lower the white noise so unfortunately it's in the background. Also my videos for some reason didn't record at my normal quality so it's a little blurry. Again, sorry about that.
